

SnapT — Cancellation & Refund Policy

Effective date: [Insert date] **Contact:** hello@snaptcarib.app

This policy explains what happens when a booking on SnapT is cancelled, rescheduled, or not fulfilled. It applies to all in-person creator sessions booked through the SnapT app. Remote editing orders are covered separately in Section 6. By placing a booking, you agree to this policy.

All times below are measured against the scheduled start time of your session, in local time.

1. Client cancellations

You may cancel an upcoming booking at any time from the Booking Detail screen in the app. The charge that applies depends on how much notice you give:

When you cancel	What you pay	What you get back
More than 48 hours before the session	Nothing	Full refund
Between 24 and 48 hours before the session	50% of the session cost	50% refund
Less than 24 hours before the session	100% of the session cost	No refund

The refund percentages above apply to the **session cost only**. The 8% client service fee is non-refundable at every cancellation tier, including a full-refund (>48hr) cancellation.

Refunds are issued to the original payment method. Processing times depend on your bank or card issuer and typically take 5-10 business days.

2. Rescheduling

Rescheduling moves your session to a new available date and time with the same booking. It is subject to the following rules:

- **More than 48 hours before the session:** One free reschedule per booking. Additional reschedules are treated as a cancellation and rebooking.
- **Less than 24 hours before the session:** Rescheduling is not available. If you cannot attend, you may cancel, subject to the cancellation fee tiers in Section 1, or contact us at hello@snaptcarib.app.

Rescheduled sessions are subject to creator availability. If your assigned creator is not available at your new time, you will be offered a different available creator or the option to cancel under the terms above based on your original cancellation notice.

3. Creator cancellations

If your assigned creator cancels a confirmed booking at any time:

- You receive a **full automatic refund**, including all fees, regardless of notice period; or

- You may choose to keep your booking and be matched with another available creator for the same date and time, where availability allows.

You will never be charged a fee because a creator cancelled. Creators who repeatedly cancel confirmed bookings are subject to consequences under the Snapt Creator Agreement, up to and including removal from the platform.

4. No-shows

If your creator does not arrive

If your creator has not arrived and checked in within **15 minutes** of the scheduled start time, you can report a creator no-show directly from the Session Day screen. A confirmed creator no-show results in:

- A full automatic refund to you, including all fees; and
- The option to rebook with another available creator.

If you do not arrive

If you are not present at the confirmed meeting point and cannot be reached within **15 minutes** of the scheduled start time, your creator may report a client no-show. A confirmed client no-show is treated as a cancellation with less than 24 hours' notice: **the full session cost is charged and no refund is issued**. The creator is compensated for holding the time and attending.

If you are running late, contact your creator through in-app chat as early as possible. Short delays communicated in advance are handled between you and your creator in good faith and are not automatically treated as no-shows.

Disputed no-shows

If the parties disagree about what happened (for example, each reports the other as absent, or there was a genuine misunderstanding about the meeting point), the booking is placed on hold and reviewed under the Snapt Dispute Resolution Policy. No final charge or payout is completed until the review concludes.

5. Revisions and delivered work

Every order includes **one free revision round** on the delivered edited content. Additional revision rounds are available as paid add-ons. Dissatisfaction with delivered content is handled through the revision process and, where necessary, the Dispute Resolution Policy — it is not grounds for an automatic refund once a session has been completed and content delivered.

6. Remote editing orders

Remote editing orders (where you upload existing footage for editing) may be cancelled with the **session cost refunded** (the service fee remains non-refundable, per Section 1) **before an editor has been assigned and begun work**. Once editing has begun, the order can no longer be cancelled, and the revision process above applies to the delivered result.

7. Exceptional circumstances

Severe weather, natural disasters, medical emergencies, and similar events beyond either party's control are handled case by case. If your session is affected by an event of this kind, contact us at hello@snaptcarib.app and we will work with you and your creator on a fair outcome, which may include a fee-free reschedule or full refund outside the standard tiers.

8. Changes to this policy

We may update this policy from time to time. Material changes will be communicated in the app. The version in effect at the time you placed your booking is the version that applies to that booking.
